

SRI RAM PUBLIC SCHOOL

Monthly Planner

Class: LKG

Month: October 2022

Education is the basic tool for the development of consciousness and the reconstitution of society “ - **Mahatma Gandhi**

Dear Parents,

Warm greetings from Sri Ram Public school!

The month of September witnessed a gruelling phase of diligence and determination eventually concluding with the midterm assessments and the much awaited Dussehra break. We find ourselves cruising into yet another effervescent term. We hope that this term is full of equally enriching experiences for our children and effectively results in their holistic development. With the advent of October there is a surge in festivities, both religious and social in nature that is marked by zest and fervour. We are glad that a pace has been set and our children are blooming in thought and spirit. The month commences with celebration of the birth anniversary of 'The Father of our Nation' on October 2nd, as Gandhi Jayanti. This day conjures up the great teachings of Gandhiji – truth and non-violence, which led us to freedom, followed by Diwali the festival of lights that make this month full of celebrations. This festival of lights transcends religion and is unanimously celebrated by Indians worldwide. Through these customary rituals we acquaint children with our tradition and culture. We continue to aspire to follow the best practices in education and direct our approach in connecting with our students, thus disseminating knowledge and learning. Wishing you all a very happy and prosperous festive season!

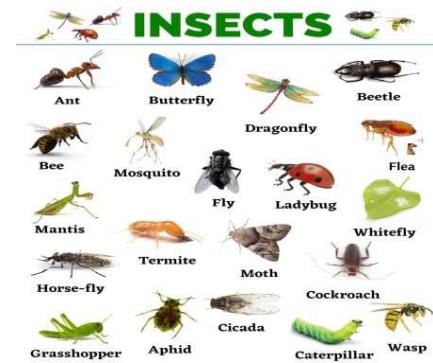

Regards,

SRPS Team
